The 6 H's of Dude Ranching

The Dude Ranchers' Association was founded to preserve, protect, and promote their unique vacation experience and its identity. Though guest expectations have changed and ranchers have had to change with them, the core principles of dude ranching remain the same.

The following "6 H's" represent the ideas that summarize those principles. The notes clarify how they apply to any DRA member ranches.

Horses

Horses are central to any dude ranch experience, and there must be adequate stock, tack, facilities, and trails for a riding program where horse and rider safety are a top priority.

Hats

Cowboy hats symbolize the special emphasis on an authentic Western atmosphere appearance and experience.

Hospitality

A genuine, friendly Western welcome for guests - from staff interactions to food, accommodations, facilities, and activities.

Heritage

Dude ranch vacations began as long stays where relationships developed and guests had an exclusive and complete ranch experience. DRA member ranches offer all-inclusive pricing and encourage week-long stays.

Honesty

Ranches are operated with integrity and are truthful in their website, informational materials, and marketing.

Heart

Having a heart for developing friendships with guests.
